THANKS TO ALUMNI

With the Sig Ep Chair Fund now complete and chairs purchased, I would like, on behalf of the chapter, to thank those brothers who contributed to the Chair Fund as well as those who gave of their time in this project. A day never goes by without Chapter members recognizing these contributions and being thankful for the support from our alumni brothers.

ALUMNI BOARD

Last winter the Alumni Board completed the costly installation of a new boiler to replace the nearly 30 year old boiler that no longer operated. Also the Board completed installation of a several thousand dollar fire alarm system which is now required by the new fire code.

*Brotherhood is an eternal value of the college fraternity.
It has endured in Sigma Phi Epsilon for more
than three quarters of a century.*

*Brotherhood is a form of love and in the case of
alumni, loyalty is an expression of that love.*

CLASS OF '77 NEWS

"Active" would be a good description for the '77 seniors since their graduation over a year ago. Upon graduating, the seniors wished to donate something to the Chapter that everyone in the Chapter could benefit from so they decided to purchase a gas grill for the backyard patio. As a result, a number of delicious hamburgers and hotdogs cooked on the grill have been devoured by the Sig Eps. The '77 seniors hope that the idea of a senior gift will become a continuing tradition at Kansas Gamma.

There are many "party" traditions within the Fraternity and the '77 seniors decided to start another. After the KU football game last fall against Washington State, the Chapter held the first fall high school rush party. In conjunction with this event, the class of '77 rented out old but famous Laptad Barn with brothers John Fulkerson, '77 and Kirk Whitmeyer, '77, supplying the music for the party. Judging from all the dancing and good time everyone had, the class of '77 hopes this will become an annual tradition.

This fall the class of '77 will gather at Homecoming, October 28, and is planning on joining with the class of '78 to sponsor a traditional post game party.

The following is a listing of the class of '77 and their present occupations:

Mike Benge is a lift operator at a ski resort (Keystone) and pursuing graduate work.

Bill Brown operates his own painting company and is also seeking employment in a business related field.

Bob Brown is a lift operator at a ski resort (Keystone) and will be entering the MBA program at KU.

Scott Calder is a teacher in Raytown, Missouri.

Rolland Exon is recreation manager in Lee's Summit for the Parks and Recreation Department.

John Fulkerson is working toward his double major in business and engineering.

Tom Gray is a sales representative for Carnation Foods in Kansas City.

Rich Jones is a lift operator at a ski resort (Keystone) and will be entering the MBA program at KU.

Mike Lundblade graduated from KU in December 1977 with a B.S. in Business and is currently working at Packer Plastics in Lawrence, Kansas.

Greg Morris is working in the Presidential Classroom Program in Washington, D.C.

Steve Segebrecht is a medical student at the KU Medical Center in Kansas City.

Dale Seufferling works in the public relations department for KU.

Kelly Vogt is a ticket agent for Continental Airlines at Kansas City International Airport.

Kirk Whitmeyer is working at Packer Plastics in Lawrence, Kansas.

SCHOLARSHIP FUND

As you know the primary objective of the Kansas Gamma Alumni Association is to assist the Kansas Gamma Chapter of Sigma Phi Epsilon by providing scholarships to Chapter members who are deserving on the basis of need, scholarship, and service to the Fraternity.

Scholarships cannot be awarded however until sufficient donations have been received. A look at the 1977 financial statement reveals that we have barely received enough donations to cover the cost of printing the Gammaramma.

Hopefully alumni will generously donate to the Kansas Gamma Alumni Association so that we will be able to establish an investment base of \$3000 from which we can award scholarships from the interest earned on this investment base. Until such time as we have at least \$3000 in excess of expenses, we will not be financially able to award scholarships...

.

DONATIONS TO KANSAS GAMMA ALUMNI ASSOCIATION ARE TAX DEDUCTIBLE

In our January 1977 issue of the Gammaramma we announced that the Kansas Gamma Alumni Association had acquired non-profit status from the Internal Revenue Service. This means that your contributions to the Alumni Association are tax deductible. If you have any questions concerning this matter, write the Kansas Gamma Alumni Association, P. O. Box 8280, Prairie Village, KS 66208. (Note: Donations directly to the Chapter are not tax deductible.)

CHAPTER SPRING ACTIVITIES

The major spring activity for Kansas Gamma was the Sigma Phi Epsilon-Kappa Alpha Theta Superstars Competition, our major philanthropic project. Through Superstars, organized by Kirk Nelson, Olathe junior, and Rick Chambers, Lindenhurst, Illinois senior, we were able to raise nearly \$1200 for the Douglas County Association for Retarded Citizen's Special Olympics. Duane Albert, Larned senior, was the winner of the men's division of the competition.

In order to rebuild a scrapbook for that period of time we are asking that all alumni contribute any material they might have concerning our chapter history — old pictures (social, party, athletic, intramural, and individual), newspaper clippings, announcements, old party favors, programs, etc. Either we will take the materials on a permanent basis or we will take them, copy them, and return them to you immediately.
